

# Devendra Gonde

## Full Stack Developer

[devendragonde1221@gmail.com](mailto:devendragonde1221@gmail.com) | [linkedin.com/in/devendragonde/](https://linkedin.com/in/devendragonde/) | [github.com/DevaGonde](https://github.com/DevaGonde)  
+91 9119547554 | Pune, Maharashtra

## PROFILE

- High Quality Coding professional with expertise in C, C++, Java, Python, HTML, and CSS.
- Extensive experience in teaching Programming Concepts and using new technologies.
- Proficient in Software Development using SDLC, utilizing Git, Maven, Spring (Core, MVC, Boot, Security).

## EDUCATION

BCA(Bachelor Of Computer Application) <a href="#">Hutatma Rajguru Mahavidyalay, Savitribai Phule Pune University</a>	📅 03/2021 – 05/2024
HSC( Higher Secondary Certificate) <a href="#">Shree Samarth College, Maharashtra State Board</a>	📅 03/2020 – 03/2021 79.00%

## Experience

Mentor – 1.5 Years' Experience • Disha Computer Institute   Rajgurunagar - Pune • Conducted programming classes for 50+ students, improving their understanding of C, C++, and Java. • Developed and implemented HTML and CSS curriculum, resulting in a 20% increase in student satisfaction scores..	📅 08/2021 – Present
---	---------------------

## Skills

- **Java / Advance Java** : JDBC, collection, Networking(basics), stream API, Multithreading, Object-Oriented Programming (**OOPS** Concept).
- **Programming Languages/ Back End Development**: C, C++ , Python, Kotlin, java
- **Web Development/ Front End Development**: HTML, CSS, JavaScript
- **Frameworks and Libraries**: Spring Framework, Jsp - servlet, ORM Technology(Hibernate Framework), Java GUI frameworks (Swing, AWT), Bootstrap.
- **Databases**: Oracle, MySQL, H2(Embedded database), MS Access, PostgreSQL
- **Tools**: Git, Gradle, Maven , Junit (unit Testing), MS Office, Tomcat Web Server, JVM
- **IDEs**: Eclipse, VS Code, STS, NetBeans, IntelliJ, PyCharm
- **Operating Systems**: Ubuntu, Windows
- **Soft Skills**: Problem-solving skills, Analytical mind, Positive attitude, Problem-solving attitude, Ability to establish priorities, Teamwork, Willingness to listen to others, Eagerness to learn new ideas and technologies

## Projects

- [DG Computer Classes](#)
  - Developed a website using HTML, CSS, JS, JSP, Servlet, MySQL, and Java.
  - Provided practical training and certification for web application development and database management.
  - The program emphasizes interactive learning and communication in the field of computer and related Terms.
- [Mini Bank](#)
  - Utilized Java, SQL, and JPA-Hibernate for backend development and database management.
  - Supported basic banking activities like account maintenance and fund transfers.
  - Provided practical experience in building robust backend systems for financial applications.

## CERTIFICATE

- [GitHub](#) (Issued : May 2024)
- Front End Development ([HTML](#)(Issued : Feb 2023), [CSS](#)(Issued : July 2023), [JavaScript](#)(Issued: May 2024))

## ACHIEVEMENTS

- **1st rank** in inter college project competition
- **2nd rank** in inter college coding competition
